Outdoor vitality

Bluewaters residences offer the ultimate in community living, providing residents with easy access to all of the island facilities in lush, green surroundings.

The concept of water connects each element of the island through a series of shaded water courtyards, providing a cooling effect to the external spaces. A series of landscaped courtyards located on the waterfront frame the views out to the sea and beyond. The pedestrian areas that are a central feature of the island are based on the structure of a valley where intimate spaces weave through the development to provide orientation through its shaded walkways.
